

CASCARETS SURETY STRAIGHTEN YOU OUT

No Headache, Blisters, Upset Stomach, Lazy Liver or Constipated Bowels by morning.

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passage through these alimentary or drainage organs every few days with Salts, Cathartic pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Blisters, Upset Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

JOHN BOWLER SAYS SINK HOLES NEED WORK

John Bowler states that he has no objection to the banana plant campaign, but he would like to see some of the sink holes properly taken care of by the sanitation forces.

In rear of his King street premises Mr. Bowler says there is stagnant water so quiet and dishonorable that green scum forms on it. He thinks that the mosquito of all known varieties must breed there at a gallopous rate.

APPROPRIATION FOR THE SCHOOLS

The crowded condition of country schools and the inadequate accommodation afforded the scholars is a matter of much concern to members of the city and county board of supervisors these days, as the time draws near for the drafting and presentation of a new municipal appropriation bill.

The board serving as a committee of the whole has been holding a series of important conferences and last night the question of some action being taken in regard to better school facilities was brought to the fore.

Chairman Low of the committee on ways and means secured a statement from Willis T. Pope, Superintendent of Public Instruction in which that official points out that permanent structures are needed at Waipahu, Kahuku and Kaneohe while it is possible that temporary school buildings may be satisfactory at such districts as Manoa, Papeete, Kailua, Moiliili, Alea and Wailua.

Chairman Low presented the needs at the several districts in a report last evening which showed Waipahu with 375 pupils, has 3 teachers.

Present Buildings Show Wear.

The present school buildings, three in number are beginning to show considerable age and wear. They are so arranged that they occupy entirely too much of the school lot. An addition or another building of several rooms added at this time would not only take up most of the play-ground space but would make the school work more difficult and unsatisfactory. The Waipahu school lot consists of 1.64 acres; is a good location and quite satisfactory for a building that would accommodate the school population which has been rapidly increasing there during the past few years.

It is recommended that there be

constructed a twelve room building of reinforced concrete, estimated to cost \$35,000 or \$40,000. This figure included about \$220 per room for furnishing and fixtures. The sum of \$2640 can be deducted, as the present school has already a very good equipment for about eight rooms. Such a school building should have the school rooms at least 28 ft. by 30 ft. in dimension with light all from one side. The building should also have a small office for the principal and small library room for general use, a small store room for supplies of the school, and a small teachers' room with one or two adjoining toilet rooms. Such a building with four or six rooms upstairs should have at least two stairways.

More Land is Required.

Kahuku with 125 pupils, 4 teachers. The Department is now trying to secure a new and larger school lot on the opposite side of the government road from the present site. This school district is growing rapidly and there should be erected a permanent reinforced concrete building of at least five rooms. Such a building could probably be erected for about \$12,000. The equipment for three of these rooms at \$220 per room amounts to \$660 which can be deducted as the present school already has three of its rooms well equipped. The necessary rooms for this building should, of course, be of standard size as suggested in the data for the Waipahu school.

Kaneohe school should be re-built. We recommend that a new four room concrete building be placed on a new school lot on the main public road somewhere near Heela. From recent information we understand that the Department can secure the necessary lot as soon as the new building is forthcoming. This building should, of course, have the necessary office and store room, etc., and school rooms of the standard size as mentioned for Waipahu and Kahuku. Cost of such a building for Kaneohe would probably reach a figure of \$9,000 or \$10,000.

For Moiliili, a two room frame

building, \$1400; for Alea, a two room frame building, \$1500; for Kaneohe, a new concrete building to be located near Heela, \$9,000; for Manoa, one room frame building, \$1200; for Papeete, one room building, \$1000; for Kailua, \$1200, and a teacher's cottage in addition, and for Wailua, a temporary three room addition to present structures.

LEWIS-POPE CORRESPONDENCE

(Continued from Page 1)

erecy of the salary schedule lies when the superintendent of public instruction states in his letter that the commissioner of public instruction right handy to him has a copy of it:

"Hilo, Hawaii, Oct. 9, 1911.

"W. T. Pope, Esq., Supt. of Public Instruction, Honolulu.

"Dear Sir: I have been authorized

by the Board of Supervisors to request for the supplying of Desk & Fixtures for Happy Home School, Oahu, as there are about 60 pupils that live in that locality a school have been petition to be opened there in the near future. Enclosed you will also find demands for school desks furnished to several schools there is also one lot ordered & shipped but not delivered yet to the school but will be there in a few days it is still at landing. I would like to be informed whether Hyloplate, Chairs, Chalk rails, Teachers Closets would come under fixtures.

"Would you please to send me a tabulated schedule of Teachers, and Assistants in the several schools of Hawaii, with salaries and grade. Yours truly

JAMES D. LEWIS

"Chairman Board of Supervisors"

"October 12, 1911.

"Mr. Jas. D. Lewis, Chairman, Board of Supervisors, County of Hawaii, Hilo.

"Dear Sir: I beg to acknowledge receipt of your letter of October 9 in reference to furniture and fixtures for 'Happy Home' School, and note that you say there are about sixty pupils for that school and that a petition asking for the opening of the school has been received. In reply, would say that we understand no public school in the Territory can be opened without the permission of the commissioners of education, and as yet this department has received no petition nor heard mention of any need for a school known as the 'Happy Home' School. However, on notification, we will be pleased to look into the matter in reference to our portion of the supplies for such a school in case one is opened.

"I am of the opinion that the \$12,127 for furniture and fixtures can not be used to pay back bills for school supplies that have already been arranged for by the various county authorities. The amount was made up by this department for the Legislature and was entirely for patent desks and seats and teachers' desks and chairs. The estimate was made with the understanding that they wanted the figure for the new buildings that are to be erected, but this item was not put in the loan fund bill along with the estimate for permanent buildings, as it probably should have been. In authorizing its use, it seems to me that it should be used for desks, as indicated, and possibly blackboards, but being a small amount that will only last for a short time, I hardly think it worth while for us to try and secure all kinds of furniture and fixtures.

"In reference to your request for a tabulated schedule of teachers, can say that such a list was mailed to the supervisors of each county at the opening of the present school term in September. However, there have been some changes in the appointments of teachers and a new list will be prepared in the course of a few days, copy of which will be sent you. The department does not furnish copies including salaries nor grades of teachers to other than the commissioners of public instruction. Yours very truly,

"W. T. POPE,

"Superintendent of Public Instruction."

"Hilo, Hawaii, Nov. 2, 1911.

"Willis T. Pope, Esq., Supt. Public Instruction, Honolulu.

"Dear Sir: In looking over the Act To Provide for the Maintenance of the Public Schools I see where the Department of Public Instruction is directed to prepare a Salary Schedule and to be published and I don't see why you could not have furnished me with a copy when I asked for it; may be you have reason for doing so, as I notice that the salary for supervisor principals in the County of Hawaii receive larger salaries than County Officials in said County. May be the supervisor principals do more by promoting the education of our youths in our Public Schools that is why they should receive large salaries I believe a little publication in some newspaper will air up the extravagance of the Department of Public Instruction and will show you there are other sources of information pertaining to salaries. Yours truly

"JAMES D. LEWIS"

Three men were scalded to death and five seriously injured by the explosion of a steam pipe in the plant of the Fowler Packing Company in Kansas City, Mo.

FOR DYSPEPSIA

You Risk No Money If You Try This Remedy

We want every one troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth-Subnitrate and Pepsin carefully combined so as to develop their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They tend to soothe the irritable, weak stomach, to strengthen and invigorate the digestive organs, to relieve nausea and indigestion, thus promoting nutrition and bringing about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, Benson, Smith & Co., Ltd., Fort and Hotel streets.

WILL ARREST WANTED MAN IN LOS ANGELES

An alias warrant for the arrest of Harriman Henry charged with having committed perjury before the Federal grand jury was issued yesterday afternoon by Judge Clemons and will be sent on to Los Angeles where the wanted man is.

A telegram was received yesterday from Los Angeles stating that he was there and asking what should be done about the matter. After the issuance of the warrant Marshal Hendry telegraphed to Marshal Youngworth of the mainland city that the warrant and indictment would go on by mail. Henry was one of those mixed up in the fight that occurred on the R. C. Slade between union and non-union men. The police were called in and Henry stood his trial. He was acquitted but was committed for perjury. He was bailed out by Yee Ap and Y. Anin who gave security of \$1000 each which Henry jumped.
